

Distance Learning during School Closure – KS3

In the event of school being closed, you should complete work set by your teacher on Show my Homework.

To extend your learning or if you are unable to access Show my Homework, you can choose to complete as many tasks as you like from the options below.

Don't forget – there are AIM activities on the school website for you to complete for each subject – why not have ago at some of them and send them to your teacher.

<p><u>Life Beyond Planet Earth ...</u> What potential is there for humans to live on other planets / somewhere asides from Earth? Support your ideas with evidence.</p>	<p><u>Ready, Steady, Cook!</u> Dig out a recipe to challenge your culinary skills and have a go at cooking something for the family. Please make sure that you have the permission / support of adults when completing this task.</p>	<p><u>Thank You!</u> With such hectic lives, we rarely find time to thank those who have helped us out along the way. Write a letter to someone to express your gratitude (e.g. a family member, friend, teacher or inspirational figure)</p>
<p><u>App design</u> With students increasingly using apps like Show my Homework, Seneca, etc to access learning, what app can you design to help students learn a topic at school?</p>	<p><u>Future Me</u> What goals do you have for the future? What steps could you take towards achieving that goal now and in the near future?</p>	<p><u>Home Education</u> Consider the arguments for school education vs home education. You might like to construct a 'For' and 'Against', ready for a debate back at school.</p>
<p><u>New Board game</u> The board games industry is struggling. Devise a new board game to appeal to young families with children between the ages of 4-11.</p>	<p><u>Spring is here!</u> Using your local surroundings as inspiration, draw / paint an image of Spring.</p>	<p><u>Creative Writing</u> Write a story that begins with this line, '2051: I suppose the events of this year had been coming for a long time.'</p>
<p><u>'Looks aren't everything'</u> On the internet, search 'TED Talk Cameron Russell' (https://ed.ted.com/lessons/looks-aren-t-everything-believe-me-i-m-a-model-cameron-russell). Watch the talk and then write a summary with your thoughts, so that you might present on this in tutor time.</p>	<p><u>The 14 day exercise challenge!</u> Commit to working on improving your time/speed/ number in relation to a particular exercise. You might choose to complete a 2k or 5k run every other day, tracking your times as you go. Alternatively, you might be inspired by Bruno Tonioli and see how many push ups and sits up you can reach in one day! https://www.pressreader.com/uk/daily-mirror/20200302/283347589231641</p>	<p><u>Connecting with nature: Product Design</u> Design a product for your garden / local area. This might be a bug hotel - https://www.youtube.com/watch?v=Qpau_m2OCaE or a bird feeder from a plastic bottle - https://www.youtube.com/watch?v=7yV6V6rtptc</p>
